

GRENVO PROTEUS 140 GL-4

Manual transmissions are used in light to heavy duty motor vehicles in on highway and off-highway applications. These transmissions running on Hypoid Gears require high quality, high specification gear & axle oil. Grenvo PROTEUS 140 GL-4 is manufactured using very high-quality lubricant base oils and well-proven additives to impart high degree of protection from corrosion & wear and shock loading.

Approvals & Recommendations

API GL-4

SAE 140

SAE J306.

Features/Benefits

Seal protection.

Protection from Rust & Corrosion.

Seal protection; Protection from Rust & Corrosion; exceptionally long oil drain interval and life.

Seal protection; Protection from Rust & Corrosion.

Extended long oil drain interval and life.

Exceedingly long oil drain interval and life.

PRODUCT DATA SHEET

Application

All types of manual transmissions, hypoid gears and axles recommending API GL-4 level gear oil of SAE 140 viscosity. Suitable for multiple vehicles. differentials of motor-cycle, car, track, bus, agricultural machinery and off-road vehicles.

Typical Specifications

Characteristic	Test Method	Typical
KV, cSt, 40 Deg C	ASTM D445	350
KV, cSt, 100 Deg C	ASTM D445	26
Viscosity Index	ASTM D2270	95
Flash Point, COC, Deg C	ASTM D92	260
Pour Point, Deg C	ASTM D97	(-) 12
Density @ 15.6 Deg C, gmc/cc	ASTM D4052	0.91
